Nestled under a green canopy of trees on a quiet lane, this updated Cape Cod white-washed brick home boasts 5 bedrooms and 2 full baths. This home has an abundance of natural light throughout.

Step inside and notice the large living room/dining room combination with beautiful hardwood floors. The living room also features a gas fireplace.

All I can say about this recently rehabbed kitchen is "WOW". Every chef will enjoy cooking in this space. Imagine enjoying your morning cup of coffee while seated at the kitchen table in front a large picture window watching the birds in the perennial garden. The kitchen features the following stainless Jenn Air appliances: high butane 5-burner gas cooktop, built-in double convection ovens and dishwasher. The vented Cavaliere exhaust hood is high efficiency. Some other features are: Silestone and butcher block countertops, abundance of custom cabinetry, white subway tile backsplash, dimmable LED recessed lighting, dimmable chrome
